

'Supporting communities to care for marine and coastal environments since 1994'

Coastcare Victoria Community Grants Funded Projects Standards 2022-23

Acknowledgment

We acknowledge and respect Victorian Traditional Owners as the original custodians of Victoria's land and waters, their unique ability to care for Country and deep spiritual connection to it. We honour Elders past and present whose knowledge and wisdom has ensured the continuation of culture and traditional practices.

We are committed to genuinely partner, and meaningfully engage, with Victoria's Traditional Owners and Aboriginal communities to support the protection of Country, the maintenance of spiritual and cultural practices and their broader aspirations in the 21st century and beyond.

Coastcare Victoria Community Grants

Funded Projects Standards Page | 3

These standards are designed to help you identify and comply with all legal requirements of your agreement. Please keep this document as a reference and contact your local Coastcare Victoria Facilitator if you need further direction or assistance.

General

General	
	You must acknowledge the government's funding support on written materials and in speeches and other forms of presentations, such as signage.
	Any written acknowledgement statement in published or printed materials associated with the funded project or initiative should include one of the statements below:
	The [name of program/s/projects/s/ initiative/s] was/were or is/are supported by Coastcare Victoria and the Victorian Government.
Acknowledgment and publicity guidelines for Victorian Government funding support	• [Name of organisation] acknowledges the support of Coastcare Victoria and the Victorian Government.
	At all openings, launches and events supported by or associated with government funding support, you must prominently display Coastcare Victoria and Victorian Government signs or banners, if available. Coastcare Victoria signs and banners can be borrowed from DELWP. Your organisation is responsible for organising for their collection and their prompt return.
	You must use both the Coastcare Victoria and Victorian Government logo.
	Further detail is found in the 'Acknowledgment and publicity guidelines for Victorian Government funding support' document attached. A breach of these guidelines is considered a breach of your funding agreement with Coastcare Victoria and DELWP.
	To access the logos, or to seek advice on use, please contact your Coastcare Victoria Facilitator.
Approval of print and digital media	Digital and print content that includes the Coastcare Victoria and State Government branding needs to be approved by Coastcare Victoria prior to being shared publicly. E.g. educational videos, books. Please contact your Coastcare Victoria Facilitator for assistance.
Media and Communications Reporting	For each Coastcare Victoria funded grant, recipients are required to provide:
	At least five photos with permissions to reproduce.
	Copies of any communication activities targeting the general community.
	Copies of any publications, signage or similar produced as a result of your grant.
	Copies of any publications, signage or similar produced as a result of your grant.

	We will ask for copies of these materials in your progress and final reporting, but if you have something great or opportune, please forward it at any time.
	Further detail is found in the 'Coastcare Victoria Community Grants Standards - Media and Communications Reporting for your Coastcare Victoria Community Grant' document attached.
Funding agreement conditions, milestones and dates	Please ensure you have read and understood all conditions in your funding agreement. It is your legal responsibility to ensure you comply. You must deliver and complete the milestones by the due date specified in your agreement, unless otherwise approved in writing by Coastcare Victoria.
Ineligible activities and budget items	As per the Coastcare Victoria Community Grants Guidelines, funding is NOT permitted to be used for the following: • Wages of staff – for example, hiring an employee as the person delivering training/education is an ineligible activity; listing 'contractors' when those contractors are the same organisation as the Applicant (ie, same ABN), contractors must be from an external party. • Summer by the Sea Program activities • Works on or for the benefit of private land, such as asset protection and seawall structures • Development of recreation facilities or projects primarily focused on improving amenity • Any activity involving clearing of native vegetation, unless it is a declared environmental weed in your area and appropriate permits are obtained • Revegetation works using species which are not local indigenous species • Removal of exotic trees from coastal foreshore areas where there is little or no remnant vegetation • Large infrastructure or engineering works, such as coastal asset protection erosion mitigation activities • Activities (or components of projects) that have already been funded on the same site by other sources • The purchase or production of goods or merchandise which are considered to be environmentally damaging e.g. plastics (hard or soft), polystyrene, single use items (e.g. stickers, plastic cutlery and plates) • Goods or services for competitions, prizes, gifts, vouchers or alcohol • General operating or travel costs not directly associated with a project/event • Sand/beach renourishment • Activities involving the use of fire-arms, tranquilisers, explosives, trapping,
	ferreting or harbour destruction for animal control. Feral cat control Any activity required as an offset (as a condition of a permit to clear native vegetation) Projects not relating to Victoria's marine and coastal environments Using LPG devices, ferreting or harbor destruction for rabbit control

	Shooting animals
	Trapping animals
	Capital items and equipment are those that have a usable lifespan beyond one
	year and therefore would need to be maintained on an asset register by an
	organisation to be depreciated over several accounting periods. This includes
	items such as for example tree planters and photographic, video and motion
Capital items	sensor cameras.
	All capital items or equipment should be registered as an asset with your
	organisation.
	Please ensure that where possible, assets are hired or borrowed and shared
	between organisations / groups rather than purchased for one-off projects.
Insurance	Current sufficient insurance is required to be eligible for funding and must be
	current at the start date of your funding agreement. You must maintain effective
	and appropriate insurance coverage for your operational and business risks for the
	duration of your funding agreement.

For On-Ground Works

1 01 011 011	Dulla Works
	See attached 'Aboriginal Cultural Heritage Guide for Landcare and environmental
	volunteering groups and networks'.
	Where proposed activities may impact Aboriginal cultural heritage, you must seek advice from the relevant Registered Aboriginal Party or Aboriginal Victoria.
	Before commencing any works, you must meet requirements of the <i>Aboriginal</i>
	Heritage Act 2006 and obtain authorisation from the relevant approval authority where proposed activities may require a cultural heritage management plan or
Aboriginal cultural	cultural heritage permit.
heritage	Read up on processes under the Aboriginal Heritage Act 2006 for managing and
Heritage	protecting Aboriginal cultural heritage, including cultural heritage management
	plans (CHMP), permits, agreements and tests at
	https://www.aboriginalvictoria.vic.gov.au/cultural-heritage-management-plans-
	permits-agreements-and-tests
	For further information refer to the Aboriginal Heritage Council website:
	https://www.aboriginalheritagecouncil.vic.gov.au
	https://www.aboriginalheritagecouncil.vic.gov.au/victorias-registered-aboriginal-
	<u>parties</u>

	https://www.phavisinglyistavia.via.go.go.formatical.com/articles/10/10/10/10/10/10/10/10/10/10/10/10/10/
	https://www.aboriginalvictoria.vic.gov.au/report-and-protect-possible-aboriginal-place-or-object
Animal ethics approvals	All research proposals involving animals, for example live-capture and release; bird or bat banding (ABBBS), marking; radio tracking; taking of tissue samples; call playback, baited remote sensing cameras, may first require Animal Ethics Committee (AEC) approval in accordance with the Prevention of Cruelty to Animals Act 1986 (POCTA), POCTA Regulations 2019 and the Australian Code for the care and use of animals or scientific purposes. The purpose of the POCTA Act is to prevent cruelty to animals; to encourage the considerate treatment of animals; and to improve the level of community awareness about the prevention of cruelty to animals.
	For further information regarding animal ethics approvals and requirements refer to Agriculture Victoria's website: https://agriculture.vic.gov.au/livestock-and-animals/animal-welfare-victoria/animals-used-in-research-and-teaching
	And Animal Ethics Committee (AEC): https://agriculture.vic.gov.au/livestock-and-animals/animal-welfare-victoria/animals-used-in-research-and-teaching/animal-ethics-committees
	You may require a Scientific Procedures Premises License issued by AEC. Please seek advice from the Licensing Officer regarding requirements: sp.licensing@ecodev.vic.gov.au
	Please ensure you allow enough time for approvals/licenses as these need to be in place before on-ground project activities commence.
	In addition, you may require a permit for projects relating to pest animals. Visit https://agriculture.vic.gov.au/biosecurity/protecting-victoria/legislation-policy-and-permits/managing-pest-animals
Contractors	You must ensure that any contractors have current and adequate insurance, licenses, permits and approvals for all works before commencing. Contractors must have insurance that is appropriate for the risk and scale of the works to be conducted.
Land manager	You must seek and obtain the written consent of all property owner/s or land
Consent	manager/s prior to starting any activity on the land they own or manage.
Legislative and	It is your responsibility to ensure that your project complies with all requirements
regulatory	set out in any applicable State, Commonwealth, territory and local government
requirements	legislations and regulations, including that all necessary planning, approvals and/or permits are or will be in place prior to the commencement of on ground activities

	for the project. Speak to the relevant land manager for advice on requirements specific to your project.
	Commonwealth and state/territory legislations and regulations include but are not limited to those listed below:
	 Aboriginal Heritage Act 2006 Aboriginal Heritage Amendment Act 2016 Aboriginal Heritage Regulations 2018 Environment Protection and Biodiversity Conservation Act 1999 Flora and Fauna Guarantee Act 1988 Marine and Coastal Act 2018 Native Title Act 1993 Occupational Health and Safety Act 2004 Planning and Environment Act 1987 The Privacy Act 1988 (Commonwealth) The Freedom of Information Act 1982 Traditional Owner Settlement Act 2010 Victoria's Child Safe Standards Working with Children Act 2005
	Working With Cimaren viet 2000
Occupational Health and Safety	You must ensure Occupational Health and Safety requirements are met and it is required that you develop a Job Safety Plan (or equivalent) and undertake a Site Safety Survey before work commences. You must ensure there is appropriate supervision and training of staff, volunteers and contractors, and safe equipment and PPE available.
	For volunteer organisations – please ensure you liaise with your OHS Responsible Officer in planning your project delivery. If you are unsure which land manager is your Responsible Officer, please discuss this with Coastcare Victoria as soon as possible.
Permits – General	Funding of an Activity does not constitute a permit from DELWP, Coastcare Victoria or from Local Government Authorities. You are responsible for obtaining all necessary permits required in relation to the Activity including but not limited to the following:
	Any planning permits that are required
	Any building permits that are required
	Any heritage approvals that are required

Permit - Fisheries Act	For some projects a license, permit or authorisation may be required under the Fisheries Act 1995. E.g. marine pest control, collection of marine plants/animals for display etc. For further information contact Victorian Fisheries Authority general enquiries 136
	186, or online at https://vfa.vic.gov.au/about/contact-us
Permit - Marine and Coastal Crown Land	If any of your project activities will be carried out on Marine and Coastal Crown land you may require approval under the Marine and Coastal Act 2018: https://www.marineandcoasts.vic.gov.au/marine-and-coastal-act Before commencing any works, you must obtain approval to use or develop marine and coastal Crown land. You must comply with the conditions of any consent provided.
	For more information contact DELWP general enquiries on 136 186 or contract your local DELWP office
Permit - Research / Survey Assessment and	For some projects a permit or authorisation may be required under the Wildlife Act 1975, Flora and Fauna Guarantee Act 1988 (FFG Act) or the National Parks Act 1975.
monitoring of wildlife and plants	For projects that involve the capture, collection or interference with wildlife, including fauna surveys; live-capture and release; bird or bat banding (ABBBS), marking; radio tracking; taking of tissue samples; call playback, baited remote sensing cameras, retaining wildlife for education; collection of dead specimens (bones, skin, feathers, teeth, etc.); or any other handling of wildlife, and collection of listed terrestrial invertebrates under the FFG Act you may require an authorisation or permit under the Wildlife Act 1975.
	For projects that involve native vegetation surveys, any taking of protected flora, direct (picking) or indirect (trampling) including collection of herbarium specimens; collection of vegetation samples; collection of seed or propagation material and research in protected communities, taking or surveying of protected fish, collection / taking of any FFG Act listed aquatic invertebrates you may require an authorisation or permit under the FFG Act 1988.
	An authorisation or research permit is required for all research conducted on Parks Victoria managed land: https://www.parks.vic.gov.au/get-into-nature/conservation-and-science/science-and-research/research-permits
	You may also require a permit from the Department of Environment, Land, Water and Planning: https://www.wildlife.vic.gov.au/wildlife-research-tourism-and-cinema/flora-and-fauna-research-permits

	Please ensure you allow enough time for permit approvals as these need to be in place before on- ground project activities commence.
Planned Burn	Planned burning is not eligible for use of funding under this contract.
Project site address identified as a vegetation offset	No funds are to be allocated for or used within a native vegetation offset (covenanted sites) under an existing contract.
Revegetation	Species need to be indigenous to the site. Seek expertise to identify appropriate species and source plants or seed from healthy, viable and robust populations. Planting should follow Ecological Vegetation Class benchmarks for the area.
	Please visit: https://www.environment.vic.gov.au/biodiversity/bioregions-and-evc-benchmarks
	Contact your local indigenous nursery to assist with identifying appropriate plants and planting lists.
	Funding is not to be used on non-indigenous or advanced plants (Note: indigenous tube stock or smaller cell plants and seeds are eligible).

For Weed and Pest Animal Control

*For marine see Fisheries Act and other research permit information above

	In relation to vertebrate pest control activities, ensure that all legal and animal
General – Pest animal control	welfare requirements are met and that you obtain any permits required. Please visit:
	Agriculture Victoria https://agriculture.vic.gov.au/biosecurity/protecting-victoria/legislation-policy-and-permits/managing-pest-animals A size A Markov Michael (Appendix Appendix Ap
	Animal Welfare Victoria (a part of Agriculture Victoria) https://agriculture.vic.gov.au/livestock-and-animals/animal-welfare-victoria/pocta-act-1986/humane-vertebrate-pest-control
	Note: where pest management activities are to be conducted on public land, you must apply the relevant Codes of Practice (COPs) and Standard Operating Procedures (SOPs).
General – Weed control	In relation to weed control activities, ensure that all weeds are disposed of and transported in a manner that ensures they will not be spread as a result of disposal or transport and that you obtain any permits required for transporting declared weeds.

	For information on roles and responsibilities relating to weed control please refer
	to: https://agriculture.vic.gov.au/biosecurity/weeds and
	https://agriculture.vic.gov.au/biosecurity/weeds/prescribed-measures-for-the-
	control-of-noxious-weeds
	Refer also Legal responsibilities for managing invasive species:
	https://agriculture.vic.gov.au/biosecurity/protecting-victoria/legislation-policy-
	and-permits/legal-responsibilities-for-managing-invasive-species
	The Weeds at the Early Stage of Invasion Project provides useful tools for weed
	management on public land in Victoria:
	https://www.environment.vic.gov.au/invasive-plants-and-animals/early-invaders
	Only products registered for use against pest animals in Victoria can be used under this contract.
	Only an appropriately 'authorised person' can conduct baiting programs and must have all appropriate licenses and permissions. People conducting baiting must adhere to all label instructions including notification requirements and implement baiting according to the Directions for Use for 1080 and PAPP in Victoria and relevant codes of practice and standard operating procedures.
Baiting (application of	For information on the use of chemicals including 1080 refer to Information on
bait products	pest animal bait https://agriculture.vic.gov.au/farm-
registered for pest	management/chemicals/requirements-for-using-1080-and-PAPP-animal-bait
animals in Victoria)	
	Ensure that all legal and animal welfare requirements are met and that you obtain
	any permits required. Please visit:
	Agriculture Victoria https://agriculture.vic.gov.au/biosecurity/protecting-
	victoria/legislation-policy-and-permits/managing-pest-animals
	Animal Welfare Victoria (a part of Agriculture Victoria)
	https://agriculture.vic.gov.au/livestock-and-animals/animal-welfare-
	victoria/pocta-act-1986/humane-vertebrate-pest-control
	victoria/pocta-act-1380/Humane-vertebrate-pest-control
	People undertaking the application of registered herbicides for weeds must
	comply with all the controls on the use of agricultural chemicals which include
Herbicide application	requirements for keeping records of chemical applications and compliance with
	product labels. The product label is important in determining the appropriateness
	of chemical use and must be followed at all times.
	Other controls include the requirement to possess an Agricultural Chemical User
	Permit (ACUP) to allow use of certain chemical products and restrictions of use of
	certain chemical products in Agricultural Chemical Control Areas.

	It is the responsibility of the user to be familiar with this legislation. For more
	detailed information on the use of chemicals see:
	https://agriculture.vic.gov.au/farm-management/chemicals
	Warren fumigation is an eligible activity and you must ensure all label instructions
Rabbit control	and requirements are met, and all Agriculture Victoria permits and animal welfare
	requirements are met.

For Public Events

COVID-19 Safety	Keep up to date and comply with current restrictions by checking the following sites https://www.coronavirus.vic.gov.au/ and https://www.dhhs.vic.gov.au/coronavirus
Litter data	Any litter data you obtain through the course of your project should be entered into LitterWatch Victoria, an online web portal to input and manage litter data. LitterWatch Victoria provides users the ability to view and compare data on litter across different areas and time periods. Please email LitterWatch.Victoria@delwp.vic.gov.au to organise any training or assistance needed.
	Further information can be found online at https://www.litterwatchvictoria.org.au
Working with Children	Under the Working with Children Act 2005 people engaging in "child-related work" must apply for and pass the Working with Children (WWC) Check. The Organisation (its staff and volunteers) must meet all requirements of the WWC Check that are relevant to this Activity. Victoria's Commission for Children and Young People has recently introduced
	mandatory Child Safe Standards which organisations must implement and comply with. Please visit https://ccyp.vic.gov.au/child-safe-standards/
