

Open Space Workshop Notes:

Bringing Coastal Education into the Curriculum

Education Minister:    - Core Curriculum  
                                  - Unit of Study (teachers)  
                                  - Teaching Workshop  
                                  - Surf Life Saving

Develop Program with a teacher/principal – prepare something so that they don't have any extra work to do

Marine Discovery Centre (Alex Gianunzzi) – have experience in this sort of thing?!

Phillip Island Nature Park kit – could be used as a starting point?!

Torquay – High Schools

Port Phillip EcoCentre also experienced in this sort of thing.

Group also discussed how science can be introduced to Surf Lifesaving Clubs – Science in Coastal Towns.

Action: Need to apply for a grant to employ an educator to write something up

Starts with Kids asking questions
